VENUS

The Wine List 2026

Welcome to the first Venus wine brochure. Venus Wine & Spirit Merchants has entered a new chapter. Last year, our portfolio expanded from over 300 to more than 600 carefully curated selections each chosen to reflect our commitment to quality, innovation, and authenticity.

We now represent a truly distinguished group of independent producers and unique wineries that embody the very best of their regions. From Italy's Fidora and Enzo Bartoli, to Spain's Casa Rojo, Portugal's Vidigal, and France's Patient, René Meyer, and Domaine d'Arbousset—we're thrilled to share these exceptional wines with you. These new collaborations stand alongside our long-established relationships with iconic names such as Codorníu, Moët & Chandon, Laurent Perrier, and more. Our numerous exclusive wines in the UK market enable you a distinctive advantage with selections that cannot be directly compared or replicated. A growing share of our portfolio is organic and vegan. We are increasing the number of producers we work with who grow sustainably and are adding more PIWI and biodynamic wines to our range. Sustainability is a key consideration in our wine sourcing process.

We take immense pride in our end-to-end service. Our knowledgeable wine team and increased buying power allow us to provide a complete, tailored service. We're here to support your success, from bespoke wine list design and tailored staff training to expert guidance on range positioning and category development. We want your customers to love your wine list as much as we love building it.

For over five decades, Venus has been a trusted leader for the UK's best restaurants, bars, and hospitality venues. With our growing passion, expertise, and strength, we promise to continue our commitment to quality, outstanding service, and mutual success with you.

CLIMATE-RESISTANT
GRAPE VARIETY
BY LES VIGNOBLES FONCALIEU

LES VIGNOBLES
FONCALIEU

L'ÂME VIGNERONNE DEPUIS 1967

For Vignobles Foncalieu, innovation means investing in research, which has led us to experiment with climate-resistant grape varieties. **Souvignier Gris, Artaban, Floréal, Vidoc, and Soreli** are naturally resistant to the main vine diseases and offer a response to the challenges of climate change.

By choosing these varieties, we help protect the environment and lay a foundation for the future.

Domaine d'Arbousset

In Saint-Laurent-des-Arbres, amidst the vines of the Lirac-Cru des Côtes du Rhône appellation, Domaine d'Arbousset meticulously crafts its wines from vine to cellar.

This family-run, independent estate with organic certification produces a precise and harmonious wine, while striving to uphold their expertise and core values:

Legacy, sustainability and creativity.

be**drinkaware**.co.uk

The background of the page is a scenic view of Italy, featuring rolling green hills with terraced vineyards in the foreground and middle ground. In the upper left, a large, historic stone castle with multiple towers and battlements sits atop a hill. The sky is a clear, vibrant blue. The overall atmosphere is one of natural beauty and historical heritage.

ITALY

VENETO, PIEDMONT, TUSCANY & REST OF ITALY

AUTHENTICITY, DIVERSITY,
AND THE SOUL OF TRADITION

Italy's mosaic of regions and native varieties offers a spectrum of style unlike any other. Crisp whites from Veneto showcase precision and purity, while the sun-drenched vineyards of Tuscany, Sicily and Puglia deliver generosity and warmth.

The background of the entire page is a scenic landscape of a New Zealand wine region. It features rolling green hills, a body of water, and distant mountains under a clear blue sky. In the foreground, there are rows of grapevines with green leaves. A large, stylized, light blue graphic of a bunch of grapes is positioned in the upper right quadrant of the white text box. A circular graphic with a compass rose and the letters 'S', 'E', 'N', 'U', 'S' is partially visible in the bottom left corner.
